

BONGU SRI LAKSHMI

Frontend Developer | Next.js | TypeScript | React

+91 8106436485 | srilakshmigoud0412@gmail.com | Hyderabad, India | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Results-driven Frontend Developer with 2 years of experience designing and developing responsive, scalable, and high-performance web applications using Next.js and TypeScript. Proficient in building pixel-perfect, SEO-optimized UIs leveraging Server-Side Rendering (SSR), Static Site Generation (SSG), and dynamic routing. Experienced in REST API integration, clean code architecture, component-based design, and collaborative version control via GitHub. Passionate about delivering production-ready interfaces that balance performance, maintainability, and exceptional user experience.

TECHNICAL SKILLS

Frameworks & Libraries	Next.js, React.js, TypeScript, JavaScript (ES6+)
Markup & Styling	HTML5, CSS3, Bootstrap, Responsive Design
API & Integration	REST APIs, JSON, Asynchronous Programming, Fetch API
Performance & SEO	SSR, SSG, Dynamic Routing, Core Web Vitals Optimization
Tools & Workflow	Git, GitHub, VS Code, Component Architecture, Agile / Scrum
Soft Skills	Problem Solving, Attention to Detail, Team Collaboration, Time Management

PROFESSIONAL EXPERIENCE

Frontend Developer | **EVEGA Technologies** May 2024 – Present · Full-Time

- Designed and developed modern, responsive web applications using Next.js and TypeScript, ensuring cross-browser compatibility and mobile-first design principles.
- Architected scalable component structures following best practices for reusability, maintainability, and clean code standards.
- Integrated REST APIs to enable seamless data communication between frontend and backend systems, improving application performance and reliability.
- Leveraged Next.js features including SSR, SSG, and dynamic routing to build fast, SEO-friendly applications with improved Core Web Vitals scores.
- Collaborated with cross-functional teams using GitHub for version control, code reviews, and project management in Agile workflows.
- Ensured pixel-perfect UI implementation by translating Figma/design mockups into production-ready, accessible web interfaces.
- Applied HTML5, CSS3, and Bootstrap to build consistent, scalable, and responsive UI components across multiple projects.

KEY PROJECTS

Responsive Web Application — *EVEGA Technologies*

- Built a full-scale, multi-page web application using Next.js, TypeScript, and REST APIs for a production client.
- Implemented SSR and SSG rendering strategies, reducing page load time and improving search engine rankings.
- Developed a reusable UI component library using Bootstrap and CSS3, reducing development time significantly across the team.
- Managed codebase collaboration and feature deployments via GitHub with structured pull request workflows and code reviews.

EDUCATION

Bachelor of Technology – Computer Science & Engineering Kasireddy Narayana Reddy College of Engineering and Research Score: 78%	<i>July 2019 – July 2023</i>
Board of Intermediate Education (Class XII) Sri Narayana Junior College Score: 95%	<i>June 2017 – May 2019</i>
Board of Secondary Education (Class X) Santhi Nikethan High School Score: 88%	<i>June 2016 – May 2017</i>
